About easyJet:

easyJet operates Europe's No. 1 air transport network with a leading presence on Europe's top 100 routes and at Europe's 50 largest airports.

easyJet carries over 65 million passengers annually, of which more than 12 million are travelling on business. easyJet flies over 200 aircraft with more than 700 routes on sale across 32 countries and over 130 airports. More than 300 million Europeans live within one hour's drive of an easyJet airport, more than any other airline.

The airline takes sustainability seriously. easyJet invests in the latest technology, operates efficiently and fills most of its seats which means that an easyJet passenger's carbon footprint is 22% less than a passenger on a traditional airline, flying the same aircraft on the same route.
